

Looking for work experience in the language industry?

We are a Language Service Provider in Halle near Bielefeld and are regularly looking for placement students. During your time with us you'll get a feel for the day-to-day work of a translator, including translating into your native language (English), working with CAT tools and performing administrative assignments, etc.

You must be a **native speaker of English** - apart from German we welcome French, Spanish or Italian as second languages. We also expect applicants to be competent at word-processing and using the web as a research tool. Your working hours will be negotiable. If you can work for us for at least 2 months, we look forward to receiving your application (along with a CV and photo) by email to: jobs@traduco.de.

Please feel free to contact us by phone if you have any queries: Tel.: (05201) 85995-83
